First Mississippi Coast Student Sodality Convention Sunday

One-Day Assembly Held In St. Joseph Memorial Hall—Prominent Speakers Participate—Realization Of Long Cherished Dream.

The first Mississippi Coast Student sodality convention which was held at St. Joseph's Academy on Sunday last was the culmination, the realization, of a long cherished dream, for those who have worked among sodalities on the Mississippi coast for many years—namely Brother Anselm, and other moderators. At last it's true, success was made possible by the whole-hearted cooperation and response of all active sodalists in the union with two hundred representatives present at the meetings. The high mass which opened the convention at 8:30 was celebrated by Father Niemeyer, spiritual director of the Union, and was sung by Sodality of Bay St. Louis, who gave a splendid rendition of Liturgical Music.

Father Niemeyer in his sermon at the mass stressed the point that all sodalists should remember that they have a mission, a vocation, which means, to be called to do something—Mary's vocation, the patroness of Sodality was a sublime one—Mary's vocation was to bring Christ on earth as man. Our vocation as sodalists is to bring Christ as man to our fellow men, and to defend that which he has brought us. It is furthermore not only our vocation but our duty to defend that which Christ has given us—our Faith, but we are in duty bound to defend this heritage. Let us center for a moment on this one short word, duty—which is defined as something that should be done by one commissioned to do so, at a given time. When is the given time? Now when we are in duty bound to defend this heritage, we are working from all sides, unceasingly against the church of 1942.

Father Gmelch, pastor of Our Lady of the Gulf, welcomed the group in the name of the Sodality, and City Attorney Lucien M. Gex made an address of welcome for the city of Bay St. Louis.

At the first session the Rev. Joseph Brunini was chairman. "A Sodalists' Responsibility in Home Life" was discussed by Miss Henrietta Ware of St. Joseph's School, Pass Christian. The second session opened at 1:30 p. m., with the Rev. R. F. Waters as chairman. "A Sodalists' Responsibility in School Life" was discussed by Charlotte Castner of Sacred Heart School, Biloxi.

The third session opened at 3:30 and in the absence of the Rev. Vernon P. Aleman, archdiocesan director of sodalists, New Orleans, Brother Anselm of St. Stanislaus acted as chairman and the topic, "A Sodalists' Responsibility in Social Life," was discussed by Arthur Perez of St. Stanislaus.

At 5:00 P. M. Benediction of the Blessed Sacrament was given by Father Gmelch, thereby closing the convention, in the same way in which it had been opened invoking the help of Him whom guides the destiny of all things.

Among clergy present attending the various discussions were, Fathers Hayes and McKenna, Pass Christian, Costello, Waveland, Waters, Gulfport, Mulvihill, Mississippi City, Brunini, Natchez, Gmelch, Clarke, and Niemeyer, Bay St. Louis.

The following comprise the executive committee of the Mississippi Coast Sodality Union: The Rev. J. H. Niemeyer, assistant pastor of Our Lady of the Gulf church, director; St. Joseph Academy, Sister Anna Mary, moderator; Rosalie Ambler, prefect; St. Stanislaus, Brother Anselm, moderator; Elmer Breerwood, prefect; Sacred Heart School, Biloxi, Sister M. Barbara, R. S. M.; Sister M. Columba, R. S. M.; Shannon Randall, Frank Desportes, prefect. St. John School, Gulfport, Sister M. Michael, R. S. M.; Margaret Jean Schmidt, prefect. Waveland Boy Is Now Stationed in Australia

CLIFFORD W. BOURGEOIS

Mr. and Mrs. Alfred Bourgeois of Waveland, Mississippi were the recipients of good news from their son Clifford W. Bourgeois. Not having received news from him for approximately eleven weeks, they had made some inquiry of the War Department and had been advised that his address was c/o 69th Bombardment Squadron, 38th Bombardment Group, c/o Postmaster, San Francisco, California. They realized that their boy had probably gone over seas and on Wednesday they received a cablegram from Clifford advising them that he had landed safely in Australia and that he was feeling grand and had received his mail.

This is another one of the many Hancock County boys in the armed forces. Clifford, upon his enlistment in the United States Army was sent to Keesler Field for his basic training. Upon completion of his course he was sent to Jackson, Mississippi for a very short time and then was sent to Australia.

To him we wish the best of luck and for his parents, our hopes are that their son will return safely to them.

BROTHER ALEXIS ATTENDS CATHOLIC EDUCATION MEETING

5000 Delegates From Nation Assemble at Hotel Stevens for Discussions

Brother Alexis, vice president of Saint Stanislaus, attended the national convention of the National Catholic Educational Association which was held in Chicago, April 6 to 10. The theme of the meeting was "For God and Country," and many of the discussions and papers revolved about the war effort, and what the schools can do to assist.

The convention was addressed by Co. John T. Rhett, R. O. T. C. officer of the Sixth Corps Area, and by Lieut. William Exton, of the Training Division of the Bureau of Navigation, U. S. Navy, who impressed upon all the delegates the importance of teaching mathematics to our boys. Both stressed the importance of this subject, and asked the schools to make their study an intensive one. "The difference between hitting an enemy plane and missing it," said Lieut. Exton, "is the knowledge of a little mathematical formula."

An important topic which came in for much discussion was the problem of "Acceleration," the speeding up of the high school course following the lead of the colleges. The consensus of opinion was that the high school should not attempt to "accelerate" but rather to "adapt" itself to the war effort and provide those courses which will be of greatest help towards training the youth for future war activities. This training would be principally in mathematics, mechanical drawing, the physical sciences with elementary courses in radio, aviation, and map reading, and a strong emphasis on physical education and fitness.

"It was beautiful weather in Chicago," said Brother Alexis, "although there were chilling winds off the lake, and just before I left there was a slight fall of snow."

NAVY RELIEF DRIVE

Committee To Organize—Society of Benefit To Families of Service Men.

At an organization meeting of the Mississippi Citizens Committee of the Navy Relief Society, at Jackson, A. G. Favre was named as Hancock County Chairman for the Navy Relief campaign in Hancock County. Hancock County's quota has been set at \$250.00. In order that the people may know the purpose of the Navy Relief Society, and to know for what purpose the funds of this society are used we are printing herewith a brief synopsis:

The Navy Relief Society was incorporated in 1904, with its main offices in the Navy Department in Washington. During all these years it has lived mainly on its own income and the generosity of the officers and men of the service. The purpose of the Society is this: no widow, no orphaned children, no mother or other member of the Navy man's family shall suffer hardship if it can be prevented. The Society gives immediate financial aid to the family who necessary after a Navy man dies from any cause; gives help in emergency operations and medical treatment in the family; provides continued aid to the Navy man's dependents who need care, and helps in the education of dependent young, giving them a right start in life. The Society operates through out-right grants, by regular payments while need continues, and by loans without interest.

The Navy Relief Society is the enlisted man's anchor to windward. It is organized by the Navy and within the Navy to look after the Navy's own. The Society is made up entirely of Navy personnel and their wives.

In normal peace times, without casualties, and without a war-time emergency, the Navy Relief Society receives and expends about \$200,000 a year. In 1941, the Society cared for some 11,000 cases and disbursed in loans and grants more than \$500,000, and disbursed in monthly grants and outright gifts about \$136,000 in 4,000 needy cases.

For the first time in its history, the Society is faced with a position far beyond its ability to meet from its own resources. The United States Navy now includes not only the U. S. Marine Corps but the entire personnel of the Coast Guard as well. Altogether the Navy personnel now represents about a half-million families.

No one can doubt that in a war which has spread over the entire globe, the needs of the Navy Relief Society will be large and urgent in future months. Barring major catastrophes and extraordinary casualties, it is hoped that the sum of \$500,000 will prove sufficient to meet the needs of the Navy Relief Society.

How Funds Will Be Used

The fund of \$500,000 to be raised nationally will be spent in accordance with the established purposes of the Society.

The fund will be administered by the Board of Managers of the Society, made up entirely of Navy men and their wives. On the basis of budget estimates, funds will be allotted to the twenty-eight Navy Auxiliaries and to Coast Guard Waveland located in cities where many thousands of Navy, Marine, and Coast Guard families have their homes.

In order to prevent the duplication of facilities the Navy Relief Society will continue to work through the American Red Cross in investigating the financial need of the families of Navy men in all parts of the United States where the Navy does not have its own auxiliaries. In these cities, as in the past forty years, the need is investigated and established by members of the Auxiliaries—chaplains, wives and other relatives of Navy men.

Why Give To The Society?

If you want to help your Navy, give to the Navy Relief Society because:

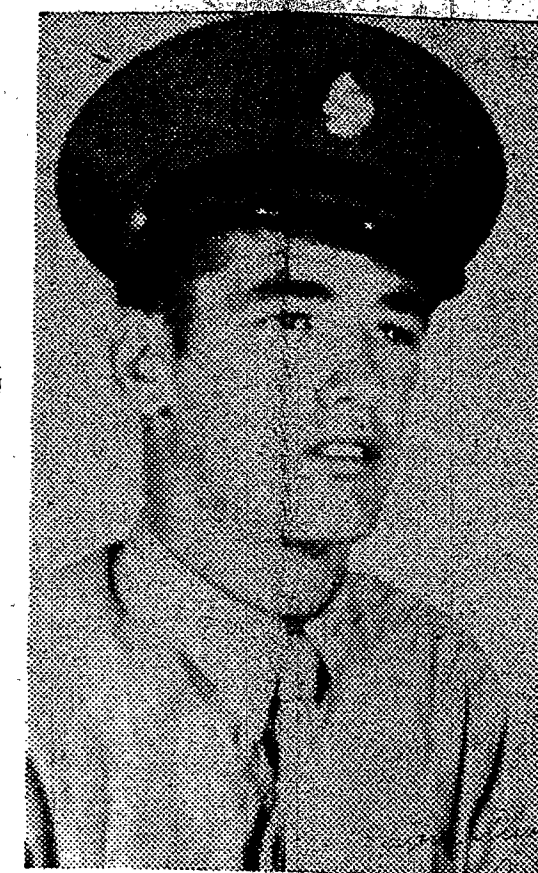

1. A gift to the Navy's own fund will give aid and comfort to the Navy men now fighting for our country. If such a gift adds to the fighting strength and spirit of our Navy to only the smallest degree, it will directly contribute to the winning of the war.

2. A contribution to the Society's emergency fund will help to distribute some of the sacrifices of war. By giving, you will shoulder a little of the burden of war which now rests on the fighting men and their families.

3. A gift to the Navy Relief Society is one way to back up your Navy. It is a tribute to the fighting American fleet, its men and their families. It will demonstrate to all that we will match their devotion and valor with our loyalty.

Hancock County's committee will be organized and the drive started shortly.

BAY ST. LOUIS BOYS MEET IN INDIA

ROY STRONG

Meeting in an army camp on the other side of the world, two Bay St. Louis boys in the service of their country with the American Expeditionary Forces joyfully greeted each other in distant India recently.

The boys, Roy Strong, son of Mr. and Mrs. Jack Strong, and Fred E. Fayard, Jr., son of Mr. and Mrs. Fred E. Fayard, Sr., life long friends, born and reared in the same neighborhood, attended and graduated from St. Stanislaus College together. However, after school, each boy was interested in work along the same line. Fred Fayard, Jr., working in radio and public speaking equipment, while Roy Strong became associated with a branch of the telephone company, in the construction department.

Fred Fayard, Jr., enlisted with an aviation corps of the U. S. Army

Bay St. Louis can well be proud of these two fine young men who are serving their country in far-off lands with units which can well be expected to give good account of themselves, when the occasion arises. We join their families in their prayers for the safe return of these boys from Bay St. Louis.

Extension of Rural Free Delivery in Bay St. Louis

Postmaster Leo G. Ford informs us that the Rural Free Delivery route in Bay St. Louis has been extended. The extension taking in Bay View Court and U. S. Highway 90 from Necaise Avenue to the Pine Cabins at State Street and the Highway, and that part of State Street from Necaise Avenue to U. S. Highway 90. This service began on Thursday morning. It is suggested that the residents who live along the additional route place their mail boxes, if they desire to have their mail delivered.

Postmaster Leo G. Ford is in receipt of a letter from Chief Boat-swain M. Peterson of the United States Coast Guard, Captain of the Port at Pascagoula, Mississippi, advising him that the office of the Captain of the Port is not yet prepared to issue certificates of identification and boat licenses required under a new ruling from Headquarters of the 8th Naval District. He advised Mr. Ford that he will notify him of the date upon which a detachment of Coast Guardsmen will arrive at Bay St. Louis for the purpose of issuing the necessary blanks and enable the people in this vicinity to obtain such identification certificates and licenses, as may be necessary to comply with the existing regulations. He has also informed Mr. Ford that it would not be necessary for the owners of boats coming under these regulations to make a trip to Pascagoula or to New Orleans for the purpose of securing these certificates or licenses, but that as soon as it is possible, that this office will take care of the matter and that in the mean time all should be held in abeyance.

This will be a matter of great convenience to the people of Bay St. Louis and Hancock County who own boats.

OCTAVE POYADOU LOSES LIFE

Colored Man Accidentally Drowned in Bayou La Croix Tuesday Morning.

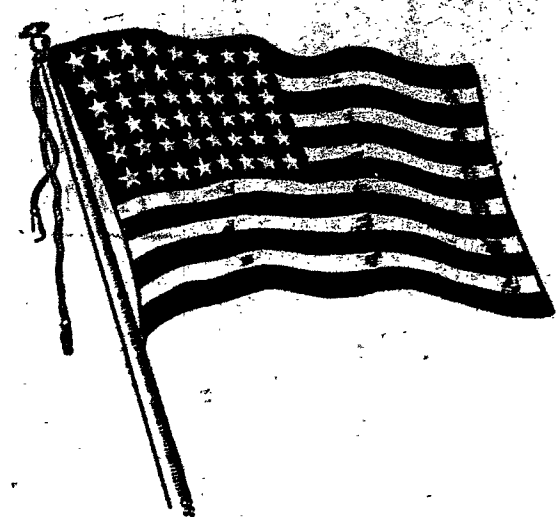

Octave Poyadou, colored, was accidentally drowned in Bayou LaCroix near the former Easterling property on Tuesday morning before eight o'clock.

He was employed by Mr. O. J. Litloff, owner of the former Easterling property. He had gone to the river to see about his fishing lines. His fellow workmen heard his screams and rushed down to the bayou where they found a pirogue which Poyadou usually rowed, upturned and his hat floating on the river. Immediately a search began and in about two hours, the body was found.

He was known to have been able to swim but it is thought that heavy boots frustrated his attempts to swim to shore and caused the loss of his life. When the body was recovered, his jacket and shirt had been removed. The body was brought to Bay St. Louis by the Fahey Undertaking company and prepared for burial, and later brought to the home on Citizen street.

Octave Poyadou, an outstanding young member of his race, was well known, as he had been employed by Kenney's for several years and sold confections on the Highway at the bridge before his employment with Mr. Litloff. He was a member of the St. Rose de Lima Catholic church. He is survived by his wife, Gertrude Bernard Poyadou, and three children, Octave, Jr., Alvin and Shirley. Also surviving are his mother Mary Poyadou and three sisters, Hazel Sample, Marguerite Farconet and Elizabeth Saucier and two brothers, Victor and Alphonse.

Funeral services were held from the late home on Citizen street at 4 o'clock on Wednesday afternoon with services at the home and at St. Rose de Lima Church and interment in St. Mary's cemetery. Rev. Father John Holken, pastor of St. Rose de Lima Church officiated.

HANCOCK COUNTY LOCAL DRAFT BOARD

At the time of the organization of the Local Draft Boards throughout the State of Mississippi it was thought by many that these Boards were to be made political puppets. However, the people who had this thought in mind can now trace back their footsteps and withdraw any statement they may have made that would have tended to offer, even the least bit of criticism of the Local Boards.

Particularly is this true in the case of the Local Board of Hancock County. These three men Messrs. Leo W. Seal, Laurent Dickson and E. J. Arceneaux, with whom the writer had the pleasure of serving as Clerk, in our opinion are three of the most honest, loyal, sincere and conscientious men that could have been selected for this service. It matters not who you are, nor what you are, if, in their opinion you are eligible for military duty, you are called to arms.

We have heard many comments relative to the actions of our Local Board and we are yet to hear a derogatory statement made of them. We were told by one young man who was engaged in defense work, that he had been deferred for a period of six months by this Board; that he had discussed the matter with the personnel director of the firm for which he was working and that this man told him he had contacted many Local Boards, but that the Hancock County Local Board was the most hard boiled that he had yet encountered.

We are proud that our Local Board has this reputation. We feel that in these times favoritisms and partisanship should not enter into the picture. We feel that all who are able to serve, should serve, regardless of whose son he might be.

We are happy to be able to offer our congratulations to the Hancock County Local Board and to join with many others in asking that they continue their good work.

WENDELL L. WILLKIE

HONORABLE Wendell L. Willkie, Republican Candidate for President in 1940, made the following statement: "I am a Republican." We, old line, dyed in the wool Democrats doubt seriously whether Mr. Willkie was in earnest when he made this statement.

True, he was the Republican candidate for the presidency, but we cannot adjust ourselves to the thought that he could still credit himself with being a Republican, and follow the course that he has followed since the emergency in this country first became apparent, when the leadership of the whole Republican Party as a unit, with the exception of Mr. Willkie himself, refused to follow the advice or the leadership of President Roosevelt in the matters of defense.

The writer was an interested spectator when President Roosevelt delivered his message to Congress, January 4th, 1941, on the state of the nation, when the Republican members of Congress refused even to applaud at the conclusion of the President's address, so bitter were their feelings toward the president and so strong were the majority of them for isolationism.

However, Mr. Willkie, the great man that he has proved himself to be, came to the front and arose above party lines and pledged his untiring efforts to the President, with the right remaining in him to offer constructive criticism. He did this, knowing that the big wigs of the Republican Party were going to be gunning for him, but little did this matter.

In our opinion, Mr. Willkie has risen higher in the estimation of the people of this country than any other man. When the rock-bound Democratic Legislature of the State of Mississippi invites a Republican to address them, you can readily realize the admiration that the American people have for this man.

It is our opinion, that Mr. Willkie will again be a Candidate for the Presidency, and, as and when, this happens it is our belief that party lines are going to be forgotten and many of the great Democratic States south of the Mason-Dixon Line are going to be found supporting him whether he be the Candidate of the Republicans, or not.

The trouble with many writers is that they seek to be smart rather than informative.

Hard work rarely kills a human being but if you worry enough you will soon depart for your celestial abode.

Even if you have new automobile tires, drive carefully; they won't do you any good if you get killed in an accident.

MISSISSIPPI BLUE LAWS

Major Fred Sullens, editor of the Jackson Daily News, who in our opinion is one of the best editors in the South, has taken a crack at some of the "psalm singers" in Mississippi. In an editorial in his paper on Tuesday, April 14th, he dealt with the closing of the picture shows on Sunday. We think that Major Sullens has "hit the nail on the head" and we are reproducing his editorial herewith:

(An Editorial)

WAKE up, Citizens of Jackson!
Bestir yourselves!

Put on your thinking caps!
Let's have some plain talking and sensible acting on this question of Sunday picture shows for soldiers.

"And also for civilians," might well be added, but that is not the present issue.
The time has arrived to do away with shallow inconsistency and rank hypocrisy on the subject.

There must be no more making "fish of one, flesh of another, and fowl of still another."
If Sunday closing laws are to be observed in Jackson in one respect they should be observed in all respects.

If we are to be governed by blue laws let's swallow the whole dose and make them as blue as indigo—yea, even as blue as the fathomless depth of midnight skies.

There's no reason or consistency in pretending to be Puritanical on one thing and broadminded on another thing.

Overwhelming public sentiment in Jackson favors picture shows for soldiers on Sunday and common sense suggests that they be permitted, but if the prudish, the puritanical, the meddling, some matties and the professional reformers won't permit it, let's go the limit.

That means specifically this—
No more Sunday baseball games.
No more soft drink stands.
No more ice cream parlors.

No more gasoline at filling stations on Sunday. If you want to go riding Sunday afternoon, fill your tank on Saturday or else sit around all day Sunday twiddling your thumbs and singing doleful hymns.

No more beer saloons.
No more Sunday sales of cigars, cigarettes or any kind of tobacco.

No more open drug stores except for filling of prescriptions.

No more Sunday golf with caddies working for pay at the Country Club, Millsaps College course, or Livingston Park.

No more swimming, at Livingston Park with the city charging fees for towels, lockers and bathing suits.

No more of anything that comes within the phrasing of our antiquated Sunday laws—laws as much out of place today as a lumbering yoke of oxen on a speedway.

This is neither a threat or a suggestion.
It's merely telling you what's certain to happen if this nonsensical opposition to Sunday picture shows for soldiers continues.

So hold your noses and get ready for a full nauseous dose.

We might suggest to Major Sullens that he gather together these fellows who are so opposed to any type of recreation on Sunday and send them down to the Coast to live for a while. We feel certain we can give them the proper training and when they have lived a part of their lives with people of liberal thoughts they would readily change their minds. We on the coast believe in being liberal; we believe in allowing our fellow man to live as he sees fit. We feel that his soul is his own and that if he doesn't want to save it that is his business.

We try to teach our children the precepts of the church while young, and they usually continue the practice of their faith. If any of these so-called reformers would spend a while on the coast they would find that the people who live a life of liberal thought aren't so bad after all. In Bay St. Louis and Hancock County we have as many or more church goers than any town or county of their size in the state, and we have Sunday picture shows too! There are no denominational fights and people live as humans should live, loving their God and their fellow man.

HONORABLE E. J. ADAM, SR.

DURING the past week news reached us that E. J. Adam, Sr., of Pass Christian who has been serving as United States Marshal of the Southern District of Mississippi had resigned. Mr. Adam has been a life long resident of Pass Christian and has held political office for a great many years. He studied and practiced law, served as post master for the city of Pass Christian for a number of years and served for a number of years as a member and as president of the Board of Supervisors of Harrison County and held this position until the time he was named U. S. Marshal.

During the past year Mr. Adam has not been well and for this reason tendered his resignation as U. S. Marshal. He has been an outstanding citizen of the Mississippi Gulf Coast and an honest and honorable public official. It must be a wonderful feeling to have lived as long a life as Mr. Adam has; to have held political offices as long as he, and to have maintained the love and respect of all who knew him. It can well be said of him; well done thy good and faithful servant.

WORDS OF WISDOM

SENATOR Alvin W. Barkley, Majority Leader, was quoted as follows: "I think it is about time that we quit fighting among ourselves and go to fighting Hitler a little harder." We believe that these were well chosen words. It strikes us that at the present time we are fighting among ourselves just a little too much. We are fighting so hard among ourselves, that we are of the opinion, that unless it is stopped a spirit of unrest will be created.
We believe that we should direct all of our fight against our enemies and after we have knocked hell out of them, then we can return to that good old wholesome American pastime of fighting like hell among ourselves.

33 Colleges Commended For Undertaking Class V-1 Program of Training

New Orleans, La., April 11th.—Thirty-three colleges and universities in Louisiana, Texas, Oklahoma, Mississippi and Alabama were commended for undertaking the Class V-1 program of training material for the United States Naval Reserve today by Secretary of the Navy, Frank Knox, in a telegram released by the Office of Public Relations of the Eighth Naval District.

Of these thirty-three educational institutions, nineteen are located in Texas, five in Louisiana, four in Oklahoma, two in Mississippi, two in Alabama and one in Arkansas. Secretary Knox's telegram to the various institutions reads as follows: "The Navy is proud that your college has undertaken our V-1 plan for training freshmen and sophomores as officer material. Whereas, the Selective Training and Service Act of 1940, as amended, provides for the extension of liability for military service and for the registration of the manpower of the Nation; and

Bataan Peninsula

THE sad word has come that the heroic fight on Bataan Peninsula against over-whelming odds by our Filipino and American forces seems to be about over. We had there about 36,000 troops, the greater part of which were Filipinos. When the attack on the Philippines came, General MacArthur by masterful strategy, concentrated his forces on the Bataan neck of land with Corregidor, Fort Mills, Fort Hunt and other strong points at his back. For months this heroic force, short of men, short of arms, short of ammunition, short of food, has battled while all the world wondered. Their stand carved another epic in American history. It went out "as it would have wished, fighting to the end of its flickering forlorn hope," as General MacArthur put it. As long as valor is honored in the hearts of men and women, tales will be told and songs will be sung of what our men endured there for liberty, right and country.

Secretary War Stimson told of the efforts that had been made to relieve Bataan from Australia. Ship after ship was sent with supplies, ammunition and guns but of these two out of three were lost all of which proves how hard it is to carry on battles thousands of miles away from home in territory entirely surrounded by enemy forces and in skies entirely dominated by enemy aircraft.

It is understood that Corregidor and one or two other strong forts are holding out, but experts believe that this final and desperate resistance can not last long. Our hearts go out to the boys lost and their loved ones at home.

The American people must not become discouraged. There will come another and brighter day. American production, American patriotism and American fighting spirit will win the ultimate victory. The time will come when American sailors will storm the harbors of Japan, American aviators will blast her cities and American soldiers will patrol the streets of Tokyo. Japan's day of doom will come and then, and then only, will treachery and savagery be dead as the predominating force in the Pacific.

War Funds Backlog
With the passage of the Sixth Supplemental Defense Appropriation Bill, containing appropriation totaling nineteen billion dollars, there will be a backlog of unexpended defense funds amounting to a hundred million dollars. This is a figure so astronomical that it is almost impossible to conceive, but appropriations of themselves cannot win a war. These funds will count between forty and fifty months at that rate to complete the full program, and time is one of the things we do not have. Congress has provided the necessary funds. It is now the task—and a very tremendous one—of the administrative officers of the Government, of industry, of labor, and of us all to see to it that these funds become arms as quickly as possible.

War Profits
Both Houses of Congress have recently taken steps to end war profits which in some instances have been shockingly high. The House Naval Affairs Committee, in its hearings on the Smith bill to suspend the 40 hour week and to limit profits to 6 per cent, has given a list of companies whose profits range from 25 to 119 percent on naval contracts. The Committee developed that in one in-

MARINE CORPS NEEDS MEN FOR SERVICE

Jackson, Miss. (Special) — The United States Marine Corps needs all the men who can be enlisted immediately, officer in charge of the Mississippi recruiting area, announced today.

"We need men in all classes and as many of them as we can enlist," Major Schultz said. "We are appealing for volunteers, men who are willing to fight for their country. The Marine Corps is carrying its share of the burden of this war, and we can use all the men who meet the physical and mental requirements of our service."

The Marines are now enlisting men in three classes. The first class is the regular Marine Corps, open to men from 17 to 30 years of age (or up to 35 if they have previous military service) who want to join up for the regular four-year period. The second class is the Marine Corps Reserve, open to men in the same age limits as the regular Marines Corps, and designed for men who want to enlist for the duration of the war.

The other class is the limited Marine Corps Reserve, open to men between the ages of 30 to 50 years of age who can meet the reduced physical requirements for this branch. Major Schultz said that the Corps is especially anxious to enlist ex-service men for this class. All men enlisted in this class will receive allowances for dependents.

"Several persons have asked if we are still accepting volunteers," the officer said. "We are. The Marine Corps is a completely voluntary organization; there are no draftees in it. Men who want to serve in this America's oldest and most outstanding military service must volunteer at a recruiting office."

"Besides the headquarters station at Jackson, there are sub-stations located at the post offices in Meridian, McComb and Clarksdale. Interested men should write or visit any of these stations for full information about the Marines."

stance, that of Jack & Heintz, Inc., who make airplane starters, excess profits taxes amounting to \$734,430 were avoided by passing out salary increases and bonuses to its employees with a lavish hand. For example, it was developed that the secretary to the head of the firm was paid some \$35,000. This situation amazed and shocked Congress. The House immediately passed a rider on the Sixth Supplemental Defense Appropriation Bill limiting profits to 6 percent. In the Senate a sliding ceiling of from 2 to 10 percent was first considered, but after the Administration objected that a fixed ceiling was not workable, the problem of working out a final solution was left to the conference committee of the two Houses. Some formula for ending these unconscionably high profits will be adopted.

KATHLEEN STARS SHIRLEY TEMPLE IN CAPTIVATING STORY

Thursday and Friday, 23-24 at A. & G. Theater

Shirley Temple is back on the screen, and her myriad of fans will have a chance to see what she is like in "Kathleen," the new M-G-M picture which opens Thursday and Friday, 23-24 at the A. & G. Theater.

Absent for two years, during which she attended school, Shirley returns her own self, the only perceptible change being an inch or so in height and a transition from blonde curls to chestnut brown, and her disarming smile is unaltered, and her talent for creating a real, flesh-and-blood characterization is again made strikingly clear.

As her first return-to-the-screen role, Shirley plays Kathleen, a little motherless, rich girl who finds scant affection and understanding from a "father" (Herbert Marshall), too infatuated with a scheming woman (Gail Patrick) to pay attention to his lonely daughter. Her only friends are a kindly neighborhood junk dealer (Felix Bressart) and a feminine child psychologist (Caroline Dorr), who is brought into the house in an attempt to solve Kathleen's problem-child tendencies.

Sen. Wall Doxey in a speech on the floor of the United States Senate last week announced that he was no longer using the term, "national defense efforts." He has substituted the term "National offense efforts." Sen. Doxey says that if we are to win this war we must be definitely on the offensive. He called attention to some of the enormous profits made by manufacturers off of war contracts, and urged the country to quit thinking in terms of less work for more pay. Sen. Doxey urged the curtailment of government expenditures for unnecessary causes and overlapping agencies. He commended Sen. Connally of Texas in his effort to secure a better situation on the labor problem in behalf of the war effort.

Livestock Shows have recently been held in Edwards, Utica, Canton, Forest and perhaps other places in the State. The showing of fine cattle has been excellent and proves beyond argument that cattle of all breeds are being much improved in this state but most notable is the record of the beef types. In these shows in central Mississippi within the past few weeks more than a hundred thousand dollars worth of fancy beef cattle have been sold. One outstanding instance was the sale of Edwards of five grade steers by J. L. Redfield for \$620.20, an average of \$125.24 each for the five grade steers.

These figures are of Dec. 31, 1941, the latest breakdown of national figures on the subject.

Millsaps College, the great Methodist school located in Jackson, will celebrate its fiftieth anniversary beginning on April 12th and running through the 15th. Major Reuben W. A half century ago he saw that dream come true, and perhaps he wrought even more wisely than he dreamed, for the college has

MEN OF WAR

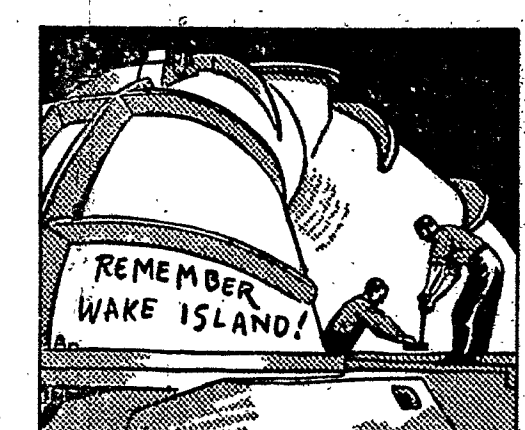

General Electric men and women—thousands of them! Four typical scenes show the spirit with which they are tackling the grim job of producing for war!

1. Thousands of employees, only ten days after war declaration, gathered in mass meetings in most major G-E plants to pledge all-out war effort!

2. Almost 85 per cent of all General Electric employees signed up to buy U. S. Defense Savings Bonds totalling more than \$20,000,000 a year!

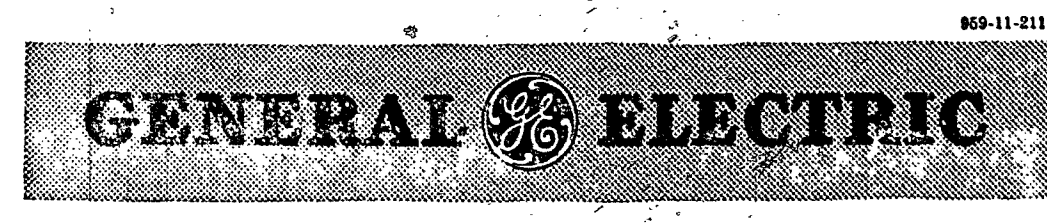

3. A sign chalked by a G-E workman on a big machine, being built for war. The sign carried this challenge to fellow workers: "Remember Wake Island!"

4. And day and night—around the clock—G-E workmen keep steadily at the most important job of building weapons and supplies for U.S. fighting men!

General Electric believes that its first duty as a good citizen is to be a good soldier.
General Electric Company, Schenectady, N. Y.

succeeded even beyond its fondest hopes.

The Extension department of Mississippi State College, in co-operation with the U. S. Department of Agriculture, is urging Mississippi farmers to increase their acreage of peanuts from 27,000 acres in 1941 to 130,000 acres in 1942. Also to increase the Soybean crop from approximately 85,000 acres in 1940 to 250,000 acres in 1942. These crops are needed to help win the war—food and feed and the oil for scientific use. It is indicated that the price will justify liberal acreage devoted to these useful crops.

Prayer For Our Boys In The Service

The students of Saint Stanislaus College are to be commended for their thoughtfulness of the boys in service. Each day the following prayer is said by the students.

Jesus, Mary and Joseph and all the Saints in Heaven, we beseech you from the bottom of our hearts to watch constantly over and protect all our boys in the service of the United States of America who are exposed to the danger inseparable from a military life. Grant them such a strong and fervent faith that they may never deny it, nor fear to practice it. Do then by Thy Grace, fortify them against the contagion of bad example that, being preserved from sin and serving Thee faithfully, they may always be ready to meet death when and where it may occur.

Most Sacred Heart of Jesus, mindful of Your most Precious Blood and of the five Sacred Wounds, we beg you to inspire them with a sincere sorrow for sin and grant them pardon.

O Mother of Perpetual Help in honor of your seven sorrows and the Joyful, Sorrowful and Glorious Mysteries of Your most holy and powerful Rosary, we beg you as the Queen of Peace and of Heaven and Earth to protect and intercede for our sons and to be at their side in battle. If it is God's Holy Will, please bring them home soon, safe and sound to their loved ones. Should they be called upon to make the Supreme Sacrifice obtain for them from Your Divine Son the grace of a holy and happy death.

St. Joseph, Patron of the Universal Church pray for them.

O Powerful and Immortal God have compassion upon us miserable sinners and upon the whole world. With bitter tears of repentance we invoke you to end all wars and grant us peace in the Sacred Name of the Holy Family—Amen.

LOVE, ADVENTURE, THRILLS, IN BAHAMA COLOR FILM

To Be Shown at A. & G. Theater Sunday And Monday

A love story in some of the most beautiful Technicolor seen by these eyes in many a movie moon is to be on the screen at the A. & G. Theater where Paramount's Technicolor romance, "Bahama Passage," will open Sunday night.

This is the picture that took stars Madeline Carroll and Stirling Hayden together with a company of forty men and women headed by Producer-director Edward H. Griffith, to the British West Indies, 4000 miles from the film center. This is the picture that simply had to be filmed in the tropic country where author Nelson Hayes' original story, "Dilo Cay," was laid; no Hollywood set could be trusted to reproduce its exquisite beauty. This is the picture that had to be made in Technicolor to recreate the colorful glory of the Bahamas.

So to the Bahamas went the Paramount company, "Bahama Passage" warrants the trip. The Technicolor camera has captured the full, rich magnificence of the Bahama countryside—the blue, tropical waters; the coral reefs; the lush foliage. Madeline Carroll, especially, looks terrific in Technicolor.

The story of "Bahama Passage" is the story of life on the salt-producing island of Salt Cay, a tiny, sparsely populated five-mile-long bit of land isolated in the Atlantic Ocean. Only half a dozen white people control the privately-owned island of several hundred native blacks who work at the manufacture and shipment of solar salt.

Against this background is told an intensely exciting love story.

Senator Wall Doxey Home For Few Days, Issues Statement

Senator Wall Doxey came to Mississippi for a few days during this week. The Leaders of Congress having agreed not to bring up any matters of importance during the week, and while in the State, Senator Doxey issued the following statement:

"Having returned to Mississippi for a few days, I desire to say that I have remained constantly on the job in Washington, doing the very best I could in these critical times. For the next few days, the pending measures before the Senate will not have definite action, due to an agreement of the leaders of the Senate not to bring up any matters of importance this week.

I intend to stay at my post of duty and do all I can to protect the best interests of our country. We are fighting the greatest war of all times, fighting the best prepared and most warlike nations on earth, but we are fully determined to preserve our liberty and national existence.

We have suffered severe reverses in this War but just as soon as our factories get geared to turning out bombing planes and other war implements at the rate they have been turning out automobiles, which they hope to do in the near future, the tide of War will turn and Victory will be ours.

I have complete faith in the people and know that they realize I can

IT'S TRUE!

By Wiley Padan

best serve our State and Nation by remaining at my post of duty in Washington, and I had hoped that I could stay on the job at Washington for at least one full term without having to make a campaign during these perilous times.

Regardless of whether I have opposition, I believe the people of Mississippi are going to see to it that first things come first—the winning of this war—as well as remember and follow, so far as politics are concerned, that old democratic custom permitting a public servant who has been true to his trust, and who was elected for part of an unexpired term, to have at least one full term in his own right.

With deep and sincere appreciation to my fellow Mississippians, and with the earnest hope that I may be continued in the United States Senate, I pledge to make the best Senator of which I am capable."

ORTHE THEATER PRESENTS "WHAT'S COOKING," SUN.-MON.

Famous Andrews Sisters Head Cast of Gala Film

Studded with star names of the entertainment world, Universal's gay comedy musical film, "What's Cooking," presents its session of mirth and melody on the screen of the Orthe Theater Sunday and Monday.

The Andrews Sisters, Jane Frazee, Robert Paige and Gloria Jean headline the cast which likewise features Leo Carillo, Charles Butterworth, Billie Burke, Franklin Pangborn and Grace McDonald.

The 18 Jivin' Jacks and Jills have a conspicuous place on the elaborate musical program which is highlighted throughout by Woody Herman and his orchestra.

Figuratively pointing up the mutual respect of swing and symphonic music, the film features such melodic opposites as "Il Bacio" and "Woodchopper's Ball"; "Amen Spiritual" and "Pack Up Your Troubles."

Concerned with the efforts of a radio advertising salesman, Paige, trying to convince his clients that they should sponsor an air show discovered by Gloria Jean and featuring Miss Frazee, the Andrews Sisters and Woody Herman's band, the story affords comedy opportunities for Carillo, Paige, Miss Burke, Butterworth and others.

Four well-known cinema scribes contributed their talents to "What's Cooking." They are: Jerry Cady and Stanley Roberts, who wrote the screen play; Haworth Bromley, who made the adaptation; and Edgar Allan Woolf, who supplied the original story.

Novelty photography by Jerome Ash is said to enhance the film's audience appeal. Edward Clime, who is credited with turning out many of Hollywood's most rollicking screen offerings, notably the recent W. C. Fields hit, is the director.

The results of the Drive in the Grammar Grades were very close—the youngsters of the Fourth Grade, finished first, having donated \$24.50 averaging \$2.04 per boy. The Fifth Grade finished a very close second, gathering \$48.69 for an average of \$2.02 per boy.

The grand total of the whole school was \$563.73. This money and the money collected from the other schools taught by the Brothers of the Sacred Heart will be sent to the Brothers' Mission in Uganda, Africa.

ABOUT THE CAMPUS

A large number of Seniors left Monday afternoon to attend a closed retreat for three days at the former Jefferson College in Convent, Louisiana. This is the first time in the history of Stanislaus that this privilege has been given to the Senior class.

The annual retreat will begin next Monday morning. The idea of this retreat is to give the students a chance to review themselves and receive the necessary instruction for later life.

The one-day convention held in Joseph's Memorial Hall last Sunday was a grand success. There were delegates from all the Coast towns. A large number of Socialists from Saint Stanislaus attended and Arthur Perez was the speaker from St. Stanislaus. He delivered an enthusiastic speech on the "Duties of Socialists in Social Life."

The St. Stanislaus Choir is making rapid progress. Last Sunday they sang benediction for the first time and were very successful. The members of the choir are: Tony Carter, John Seldon, Tommy Mobley, Tommy C. B., Jules DeBarros, Jack Carter, Art Fayard, Ferdie Wil-loz, Joe E. Ed, Billy Taylor, Walter Cleveland, Jack Landry, Anthony Fabacher and Robert Genee.

Bay High Notes

THE Bay High P. T. A. held its monthly meeting Tuesday, April 14. The principal speaker, Mrs. Louis Pate, spoke on South America. The Bay High chorus sang, "Into the Night."

The Sophomore and Junior classes under the sponsorship of Miss Virginia Cole and Miss Julia Blaize, served refreshments in the home economic department when the meeting was over.

Although none of Bay High's contestants placed first at the Pascagoula Field Meet, they made a very creditable showing. The Field Meet, which is an annual event, was held on Friday, April 10.

Miss Martha Fisher, director of the Dramatic Club, announced that the play for the annual major production has been chosen. It is an enjoyable comedy, "Mama's Baby Boy." The cast includes the following members of the Dramatic Club: Gloria Benigno, James Ansley, Betty Lee Mitchell, David Sharp, Ophelia Eley, Anne Smith, Ruth Gray, Ann Weston, Karl Praetorius, Shelby Weston and Ashley Henderson.

The date for the play has not, as yet, been definitely set.

The members of Bay High's Senior Class have been required to write essays on "The Affects of Alcohol as a Beverage." The Maximum length is 1,000 words. The best of these themes will be entered in a State-wide contest. A short time ago the high school students wrote a four-hundred-word essay on "Conservation" which was entered in the State Garden Club contest. Several prizes have been offered; the winners of the contest will be announced the latter part of May.

AMERICAN RED CROSS

A wonderful thing is the A. R. C. You wonder what those letters be! It means, in times of War or Peace, Their work for you, will never cease. It's food, and clothes, and medicine too. No place too far, but it reaches you. Disasters great, or even small, It makes no difference, it answers all. "American Red Cross," now you see We're members all, and proud to be. —LITA L. HOME Demonstration Clubs meeting this week are:

Flat Top, Friday, April 17th at Mrs. Charlie Knights.

Leetown, Tuesday, April 21st, at Mrs. Grady Welborn.

Bayou La Croix, Wednesday, April 24th at Mrs. Rod Frierson.

Plans for the summer program will be discussed and Community canning demonstrations set. The demonstration will be a post mortem examination of sick chickens.

As soon as a chicken looks sick it should be put in the "sick coop" and kept there until the cause of illness is determined, because chickens have contagious diseases too. If the cause is not found and the chicken does not get well quickly it should be killed and banded to find the cause.

All sick birds that die should be burned completely. This is a necessary precaution not just because of contagious diseases but because any rotting meat is poisonous to chickens.

Most of the so-called chicken colera of Mississippi is due to poison or decaying meat. The Mississippi Poultry Association has not found a true cure of chicken colera in our state. All reported cases upon investigation were proved to be one of the above.

Girls' 4-H Clubs last week reported about 50 per cent of members with the two rows of vegetables set as a goal for all club members except those in the poultry division. It is hoped that with the cooperation of the parents this percentage can be raised.

Some Food Saving Hints:

Cheese will stay moist if you spread the cut edge with butter and keep in the refrigerator.

Cheese that has dried out may be freshened if wrapped in a cloth moistened in vinegar and placed in refrigerator.

Use a weak baking soda or borax solution to wipe out the inside of your refrigerator including the ice trays.

Don't squeeze oranges until you are ready to use the juice. The longer the orange juice stands the more flavor and vitamin C it loses. And don't chill the juice, chili, the oranges.

Scrub carrots with a stiff brush. It is easier than scraping or paring and saves the vitamins and minerals as well.

Carrots should be cut lengthwise if they are to retain all their sugar.

Sweet Potato Production

Increased sweet potato production for home use and market is important in the Food for Victory Program. Careful soil selection, thru soil preparation, and proper time of planting are practices which will help insure maximum yields of high-quality sweet potatoes. Well drained, fine sandy loam or silt loam soil will produce larger yields of uniform, high quality sweet potatoes than heavy clay or light sandy soils. On account of diseases living in the soil, avoid using land which has had sweet potatoes grown on it for the previous 4 to 5 years. Break soil several weeks before planting and pulverize thoroughly before preparing planting beds. Final preparation consists of plowing soil into beds 3 1/2 feet wide and 12 to 14 inches high. Thorough seedbed preparation reduces the amount of cultivating necessary after sweet potatoes are planted. Though early planting usually gives largest total yields, late May and early June plantings are recommended for the main crop of table stock sweet potatoes. Experimental results have shown that a higher percent of uniform marketable sweet potatoes are produced usually from late May plantings. First plantings should be as soon as frost danger is past to provide a supply of vine cuttings for later plantings.

Coach 'Pete' Burge of St. Stanislaus Enlists in United States Navy

Mr. Dennis "Pete" Burge, coach of St. Stanislaus College has enlisted in the United States Naval Reserve. He will become a chief petty officer under Commander Gene Tunney, who is the commanding officer in charge of athletics in the U. S. Navy. Pete will leave on April 29th and will report to the Navy Training Base at Norfolk, Va. This young man has been coach at St. Stanislaus College for three years and during this time has endeavored himself to the students and faculty of St. Stanislaus and the people of Bay St. Louis. Prior to his coming to St. Stanislaus he was coach for four years at Catholic High in Baton Rouge and one year as assistant coach at Louisiana State University.

Mrs. Burge has resigned as executive secretary of the local Red Cross and will leave on the first of May to attend a business school in New Orleans. She has made application to the Red Cross for a job in the foreign service. We sincerely regret to see these young folks leave Bay St. Louis, however we are proud of Pete's entry into the armed service of his country. We hope when this conflict is over they will be able to return to our midst.

THE EDMUND F. FAHEY, JR., PROUD PARENTS OF A SON.

It is very unusual to find a funeral director spreading joy, however we are informed that our good young friend, Edmund Fahey, Jr., could not be held down this past Tuesday. We are told that it was very near impossible for his friends to prevent him from taking his ambulance and opening the siren and running wild. The cause for all this joy and excitement was the birth of Edmund Francis Fahey, the 3rd. It is even told that Junior was so happy that he was passing out cigars by the handfuls. We doubt seriously if there will be a sufficient supply of buttons left in the stores in Bay St. Louis to replace the ones that he popped off his shirts.

Congressman Colmer On Coast

Congressman W. M. Colmer spent the past week in his district. Mr. Colmer returned to Washington Sunday morning. He looked none the worse for the strenuous sessions he has been through in Washington. It was our hope and the hope of many that Mr. Colmer would not have opposition during the August primary. It is pretty hard for a man who is filling the office of Congressman or Senator during these trying times to leave his post of duty to carry on a campaign. As to what Mr. Colmer will do when the campaign time comes we are not in a position to say, however we feel certain that in the event he remains on his job and post of duty, his many friends throughout the district will carry on an active and aggressive campaign in his behalf.

Sanitary Inspector For Hancock County

The Board of Supervisors of Hancock County, being the farsighted business men that they are, always acting in the best interest of Hancock County and recognizing the necessity of the expansion of the dairy interest in the county and realizing the impossibility of doing this unless they could maintain the necessary inspections, contacted the State Board of Health through the County Health Officer, Dr. C. M. Shipp, and a very neat sum was appropriated by the State Board of Health, to be added to an appropriation from this county for the maintenance of a full time sanitation inspector for the Hancock County Health Unit.

Mr. Wayne Allison, Jr., of Jackson, Mississippi, will be the Sanitation Inspector and will work under the direct supervision of Dr. Shipp. Mr. Allison and his family will occupy the C. A. Breath, Jr., dwelling in Breath's Court.

time was enjoyed by everyone attending, the boys eagerly looking forward to the next party.

The party was in charge of Mrs. Margaret Backman, Mrs. Alma Quintini and Mrs. Katherine Thomas
